## Paying for Conference Registration Using Waiver Funds

### **Can My Child's Children's Long-Term Support (CLTS) Waiver or Children's Community Options Program (CCOP) Funds Pay for my Family to Attend the Circles of Life Conference?**

The Answer is **YES!** The Circles of Life Conference ([circlesoflifeconference.com](http://circlesoflifeconference.com)), Wisconsin's annual statewide conference for families who have children of any age with disabilities, is a great way to learn about programs and services and increase your ability to care for your child with a disability. CLTS and CCOP services can support family participation at this annual event.

### **Below is a step-by-step guide on how you can attend the Circles of Life Conference with help from your child's waiver funds.**

- 1.** Contact your child's Service Coordinator and let them know you are interested in attending the Circles of Life Conference (May 7 and 8, 2020).
- 2.** Let the Service Coordinator know that this is a training event to increase your ability to care for your child and family. The Deciding Together process can support this conversation. For more information, visit: [www.dhs.wisconsin.gov/library/p-02246.htm](http://www.dhs.wisconsin.gov/library/p-02246.htm)
- 3.** Talk with your Service Coordinator about the different services and programs that can support your family's participation in this conference, including:
  - CLTS: Training for Unpaid Caregivers, a service to support access to training for parents and/or guardians and families of children with disabilities to support and foster growth for their child or youth and their family (*see Waiver Manual description on page 2*).
  - CCOP funds can be used for a variety of goods and services that benefit and support the child in their home and community with additional flexibility beyond the CLTS Waiver Program.
  - Additional funds or resources identified by your family or Service Coordinator.
- 4.** If your Service Coordinator is not familiar with the conference or has any questions about whether this event can be covered by CLTS Waiver funds, contact your county's [Technical Assistance Lead](#) or **Kate Johnson**, Bureau of Children's Services at the Department of Health Services at [SarahKate2.Johnson@wisconsin.gov](mailto:SarahKate2.Johnson@wisconsin.gov) or by calling **608.267.4519**.
